Commissioner for Patents

P.O. Box 1450

Alexandria, VA 22313-1450

Gentlemen:

In accordance with your letter received on 06/09/2004 I have revised my original submission for patent. The revised and replaced pages are enclosed herewith. I have also enclosed the copy of your correction notice as you requested.

The change to double spacing necessitated an increase in the total number of pages from nine to thirteen. The drawing pages remain at four.

We hope that these changes will meet with your approval.

Sincerely:

Jack W. Mickelson
